

ProteoGuard™ EDTA-Free Protease Inhibitor Cocktail

Catalog Nos.

635672

635673

Amount

1 x 100 µl

10 x 100 µl

Lot Number

Specified on product label.

Specified on product label.

Description

ProteoGuard EDTA-Free Protease Inhibitor Cocktail is a mixture of protease inhibitors that has been optimized to protect proteins from being digested by endogenous proteases which may be released during protein extraction from cell lysates.

Package Contents

635672

635673

1 x 100 µl 10 x 100 µl Protease Inhibitor Cocktail

Storage Conditions

- Store at 4°C.

Expiration Date

- Specified on product label.

Storage Buffer

- DMSO

Shipping Conditions

- Blue ice

The following documents apply to this product:

- ProteoGuard EDTA-Free Protease Inhibitor Cocktail Protocol-At-A-Glance

Quality Control Data

The ProteoGuard EDTA-Free Protease Inhibitor Cocktail was tested by measuring the activity of a protease sample from pancreatic extract using a protein heavily labeled with fluorescein. The resulting fluorescence was measured in the presence and absence of the cocktail and used to calculate the % inhibition. The ProteoGuard EDTA-Free Protease Inhibitor Cocktail is guaranteed to provide $\geq 70\%$ inhibition of proteases found in pancreatic extract compared to a sample without any inhibitor cocktail.

It is certified that this product meets the above specifications, as reviewed and approved by the Quality Department.
